Re: STEELPENCIL – Steel Detailers

Attn: To Whom It May Concern:

Eastbridge are a Heavy Steel Fabrication facility based in Napier. Our sales market is primarily Steel Bridging, but we also manufacture towers, poles and other heavy steel fabrication.

We have successfully worked with Steelpencil to complete various reasonable scale projects, including export work.

We find Steelpencil's operation to be efficient and up to date and that their proximity (some 200Km from here) does not affect their ability to communicate or perform effectively.

For any further reference, please don't hesitate to call.

Yours truly,

Dennis Basire
PROJECTS ENGINEER
