Steel Pencil
P.O. Box 546
Palmerston North
25th August 2005

To Whom it May Concern

This is to inform you that **SteelPencil** has been contracted by our Company on numerous occasions to produce detailed Structural Steel Shop Drawings for some of our projects . We find the quality of their drawings to be of Very High Standard using the X-Steel program. All RFI's answered and recorded in a prompt professional manner ,numerous problem solving done by steel pencil to speed the job up , drawing register and finished drawings delivered to us on schedule at all times. We have not incurred any mistakes or delays to any of our projects to date which results to the speedy erection of our steel work and keeping on schedule with the developers.

If you have any queries regarding our recommendation please do not hesitate to contact myself.

Your Sincerely,

Stephen A Beasleigh

(Director) Precision Group.
